(b) A Centrally Sponsored Scheme of Urban Basic Services for the Poor (UBSP) was launched in 1990-91. It seeks to bring about convergence in the schemes of various specialist departments aimed at providing special services and essential physical amenities in urban slums through Neighbourhood Committees of the slum dwellers themselves. The main activities sought to be converged are immunization, mother and child health care, nutritional education and supplementation, pre-School learning, enrolment and retention in primary education and non-formal education. The UBSP seeks to fill the gaps in the convergent provision of essential services and, therefore, the exact activities are determined by the Neighbourhood Committees and vary from town to town.

(c) Funds under the scheme are essentially provided to the States/UTs on the basis of incidence of urban poverty as reported in the 38th Round of NSSO.

(d) The Government have ratified the selection of 247 towns by States/UTs under the UBSP Scheme upto 31-3-93 in various parts of the Country out of which 16 towns belong to the State of Maharashtra as indicated in the attached statement.
